## 109 Govt. Study Group Lists Items Discussed In Preliminary Report

A preliminary report listing 23 issues discussed has been prepared by the Town Government Study Committee appointed by the town moderator under Article 109. The committee has voted to submit a warrant article asking for professional study of the administrative aspects of Arlington government.

The committee of nine has been meeting every other week since September 18 with town officials to discuss town government. The issues reported, many dealing with Town Meeting, on which no vote

has been taken yet include:

Whether the size of the Town Meeting ought to be reduced; whether the Town Moderator ought to be elected annually by Town Meeting and paid an honorarium;

Whether time limitations should be placed on Town Meeting speakers; whether Town Meeting members should be elected every two years; whether Town Meetings should be held on Saturdays and limited to one week;

Whether Town Meeting should be a continuously deliberative body with study committees; whether there should be more than one scheduled Town Meeting, with one for budget items, one for zoning etc.; whether an elected town official should be eligible to be elected a town meeting member;

Whether there should be ex-officio voters at town meeting; whether the Finance Committee should make recommendations to Town Meeting on non-budget items;

Whether proposed changes in the town government should be made through by-law changes, amendments of the Town Manager Act, and/or through adoption of a charter for the town under the Home Rule Amendment to the state constitution;

Whether the size of the School Committee ought to be reduced; whether school buildings ought to be under the control of the School Committee; whether School Committee consecutive terms should be limited;

Whether the Town Manager should appoint the Town Clerk.

## Fire Damages Barn, Cars On Pleasant St.

A working fire Tuesday night damaged a barn at the rear of 80 Pleasant st. and two automobiles stored inside.

According to Fire Chief Robert Blomquist, the fire was reported about 10:30 p.m. and firefighters responding to the scene found fire on the second floor, extending to the roof. The fire produced a heavy volume of smoke, the chief said, and the apparatus was tied up for about two hours with overhaul and clean up operations.

The building is owned by Grace Forbush of 80 Pleasant st.

## Ten Collisions Six Treated At Symmes After Two Accidents Here

Six persons were treated at Symmes Hospital after two Monday accidents in Arlington, while a third car turned over at the corner of Mass. ave. and Burton st. Saturday night.

During the period Jan. 1 to Sunday night, a total of ten accidents were reported in Arlington, although there were no injuries reported in most instances.

Treated at Symmes Hospital, after a two car collision at the intersection of Oakland st. and Park ave. Monday night were Grace McMahon, 59, David Macone, 9, and Lisa Macone, 7, all of 185 Summer st.

Also treated at Symmes, Monday night, after a two-car collision in front of 370 Mass. ave. were Mabel Tashjian, 57, Victoria Tashjian, 75 and Susan McHugh, 56, all of 374 Mass. ave.

On Saturday night, a car said by police to have been operated by a Brookline resident overturned at the intersection of Burton st. and Mass. ave. A Boston woman reported receiving lacerations of the right hand and will see her own physician.

Two accidents were reported New Year's Day with no personal injuries reported. One took place when according to police a car operated by Anthony R. Galasso, Medford, collided with a pole at the intersection of Washington and Summer st.

The second was a two car col-

lision on the Pleasant st overpass with the drivers identified as Russell Densmore, 48 Park st. and Robert D. Batson, Lima, Ohio.

A two car collision was reported at the intersection of Mill st. and

## 115 Vacancies To Be Filled At Annual Town Election

One hundred and fifteen town meeting member vacancies are to be filled at the coming Annual Town Election to be held March 7, according to Town Clerk Mary Farrington.

The Town Clerk explains that with the exception of Precincts 2 and 11, the vacancies are due to the expiration of the regular three-year terms of town meeting members. There are five vacancies for one- and two-year unexpired terms of town meeting members who have resigned, passed away or moved out of the precinct.

Miss Farrington also explained that in Precincts 2 and 11 the terms of all present elected town meeting members are to expire due to a revision in the number of town meeting members in these precincts.

## Finance Committee Asks Citizen Reaction Toward Probable 20% Tax Jump

Predicting as much as a 20% tax rate increase, the Finance Committee, in an unprecedented move, has made a direct appeal to Arlington residents, asking them to contact town meeting members and town officials in reaction to the proposed 1970 budgets.

An increase of between \$6 and \$8 (14.6% to 20%) over the 1969 tax rate of \$41 can be expected if the town meeting approves the budgets, and salary requests likely to come before it in March, the Finance Committee pointed out.

This means anywhere from a \$120 to \$160 increase in the tax bill for an "average" Arlington homeowner whose property is valued at \$20,000.

Finance Committee Chairman George Rugg, in an open letter to all Arlington citizens, states that a projected two-million dollar increase in expenses would mean at least a \$6 tax rate hike even before salary increases for teachers and municipal employees are considered.

Rugg and Finance Committee Vice Chairman Joseph Siney, in an

interview with The Advocate, said the Committee hesitated to quote a figure regarding the possible increase for teachers and municipal employees, as negotiations are still going on with the union and the teachers' association.

However, if the same 7% increase they received last year is granted by town meeting, it would mean a budget increase of about \$800,000.

Only a little more than half of this would be felt in the 1970 tax rate because town employee raises wouldn't be effective until April and it would be September before teacher raises would go into effect.

So this would mean about \$1.17 on the 1970 tax rate and \$2.25 on the 1971 rate for salary increases alone.

In the letter to residents, (see Page 3), the Finance Committee pointed out that nearly \$1,000,000 of the increase comes from state charges to the town for the MDC, MBTA, etc.) and from increases in tax abatements (to the elderly, etc.).

The letter says the Finance Committee is alerting the citizens and homeowners to these facts at an early date. It urges the Selectmen, the Town Manager, the School Committee and the Superintendent of Schools to proceed cautiously with new programs, new hiring and new purchases. It warns the negotiators of wage contracts that it is the homeowners who must pay for wage increases.

Although the town was revalued

in 1969, the residents faced a net tax rate increase of 17%. A more than 17% increase is probable for 1970, according to Finance Committee estimates.

Chairman Rugg pointed out that a \$350,000 increase in expenditures means about a \$1 increase in tax rate. An \$8 increase now would be equivalent to a \$24 increase prior to revaluation.

## Summer St. To Get Brighter Lighting Near MDC Rink

New lighting is being installed along the rink side of Summer st. for the safety of children coming to and from the new MDC facility.

Planning and Development Director Leo Young says that six 11,000 lumen mercury vapor lights are going to be replaced by lights of 20,000 lumens at a cost of \$15 per light or \$90.

## Something New For Local Police Dept.

If you've noticed something different about the Arlington Police Department in recent days, it's the hats.

Some members of the force already have their so-called "storm" or winter hats. The entire force will soon be so equipped.

Police Chief Lucarelli told this paper that the new hats will be part of the winter uniform.

## WEMBROC Gets 60 Days To Phase Out; Plan Appeal

WEMBROC has been given permission to continue operation at its present rate for 60 days during which it will close out its programs.

According to Harry McCabe, vice president of Arlington's Community Action Council, and a WEMBROC director, The Office of Economic Opportunity in New

York gave the Western Metropolitan Boston Regional Opportunity Council the two months' stay at their request and that of Sen. Edward Kennedy.

McCabe says there has been no word yet on funding for Head Start, but the 60 day continuation will enable Head Start to be run during

## Low Last Four Years

## Voter Turnout Over 50 Per Cent In Only Two Of Last 13 Years

By Walter V. Moynihan

For the sixth time, Arlington voters will go to the polls to elect town offices on a Saturday, March 7.

Up until 1965, such elections were held on a Monday.

Has the change to Saturday caused more voters to go to the polls or has the opposite been true?

Or have the number of candidates seeking office or the work of certain candidates seeking office been the key points in bringing out Arlington voters in March of each year, whether on Saturday or Monday?

Or has weather been the underlying factor as to how many registered voters turn out on Election Day?

The answer may never be forthcoming but it does seem interesting to note that only twice since 1957 (this was an arbitrary beginning year selected at random) has Arlington's election turnout been over 50 per cent on Town Election Day.

The two years in which the 50 per cent plus turnout came about were in 1959 and again in 1965.

It is a coincidence that the elections in each of those two years were possibly more interesting than were the cases in some of the other years.

In 1959 there were a total of 25 candidates, eight of whom were seeking election as Town Clerk, and eight candidates for the office of School Committee election to three spots on that committee.

The percentage for that year was actually the highest of the period, 53.7, however, the largest number of voters to turn out in the history of a town election cast their x's at the 1965 election. The percentage of that year was lower than the 1959 percentage, 50.2, but the total number of registered voters was higher than in 1959, 29,885. The total number of voters that year was 15,003.

This was the first year that election was held on Saturday, plus the fact that there was a two man contest for Selectman and 10 candidates seeking four seats on the School Committee.

Only three times during the period has the total voter turnout

A lot of people—perhaps Finance Committee members too—don't realize that Arlington should have been building its tax base during the last few years of the 1960's. If it had, it wouldn't have to face a 35¢

Box score: All Selectmen present. School Committee meets Tuesday.

Sincerely yours,

**Editor's Note:** A spokesman for the MBTA says the 5:15 p.m. bus from Government Center is operating on a trial schedule during which public acceptance will be determined. The usual trial period is three months. This is the only bus which comes to Arlington from Government Center. Arlington residents can go to the Center on the Boston-Lowell buses which run as far as Park Square.

The voters of Arlington should, therefore, not be taken in by a one-sided propaganda which is backed by strong lobbying to which even reputable scientists have given their backing. The total sum of scientific facts provides, however, overwhelming evidence that the fluoridation of water does not help the citizens of the town and their children as some "progressive" people seem to believe.

## Finance Committee Writes Budget Letter To Town

## To the Citizens of Arlington:

Your Finance Committee has received the budgets for 1970. The Committee has made a careful study of the increases therein, plus the estimated increase in State charges and the probable increase in overlay. This total increase we estimate at about two million dollars. This would mean a greater increase in the 1970 tax rate than the \$6.00 or 17% increase of 1969.

The Finance Committee projects the 1970 increase as follows:

Increase in 1970 budget requests \$1,005,000.  
Net increase in State charges 750,000.  
Increase in overlay (Abatements) 200,000

This two million dollar increase would cost the average home owner over one hundred dollars additional in his 1970 tax bill. The Finance Committee will exert every effort to keep recommendations low.

It is aware, however, that until Arlington enjoys a much wider tax base or enjoys greater relief from the State or Federal government there are only two ways to keep the tax rate even partially stable.

The first is a reduction in services and programs. The second is the exercise of extreme caution in the granting of wage increases since total wages are over 80% of the budgets.

The budgets presented to us do not carry any money for the costs

that may result from this year's wage negotiations. Last year wage contracts were signed with Town employees and teachers and the money voted at Town Meeting that cost over \$700,000 more for a full year's operation.

It is noted that wage increases for Town employees and included in Warrant Articles, whereas wage increases for teachers eventually become part of the School budget. The projected two million dollar increase in 1970 expenditures assumes that Warrant Articles will cost no more than in 1969. The Finance Committee is alerting the citizens and home owners to these facts at an early date. It urges the Selectmen, the Town Manager, the School Committee and the Superintendent of Schools to proceed cautiously with new programs, new hiring and new purchases. It warns the negotiators of wage contracts that it is the home owners who must pay the wage increases.

The Finance Committee asks the citizens of Arlington to make their wishes in these matters known to their elected officials, their Town Meeting members and the members of the Finance Committee, all of whom are listed in the Annual Report and in the Arlington Directory. By so doing it may be possible to prevent the Town Meeting being faced with budgets, programs and contracts that it may find difficult to refuse.

## Rugg on WCAS

George K. Rugg, chairman of the Arlington Finance Committee, will appear on "Sounding Board" on WCAS radio at 9:30 a.m. today. He will discuss the town finances.

37.8 per cent, during the previous five years the turnout was 37.3 per cent.

## Four Year Low

However, during the past four years, the percentage has been 34.7 per cent, the lowest four year average during the period.

The most candidates seeking election during the period were the 25 in 1959, while as few as 13 ran twice during the period.

The voter registration during the period was as low as 25,887 in 1960 and as high as 29,946 a year ago.

What will all these figures mean in the first election of the new decade?

Seven offices may or may not be contested come the March 7 election. Two Selectmen are to be elected; one member of the Housing Authority will be elected; three members will be elected to the School Committee; and one to the Board of Assessors.

At the time this story was written only seven candidates had taken out papers at the Town Clerk's office: two incumbent Selectmen, John J. Billafer and Kevin P. Feeley; School Committee incumbent Thomas D. Kenna, Jr. and new candidates Eugene J. Kirby and Richard A. Kraus; and Housing Authority incumbent, Joseph S. Vahey, and candidate Thomas M. Kelly.

Other unannounced incumbents include Assessor William O. Hauser and members of the School Committee, Mary E. Porteus and Carl F. Allen.

Candidates have until January 29, at 5 p.m. to obtain nomination papers and until January 31 at 5 p.m. to submit papers to the office of the Registrar of Voters.

The final date for filing nomination papers with the Town Clerk is February 7, at 5 p.m., while February 9 is the final day for filing withdrawals.

that period. "We still hope we'll be able to salvage the Head Start," he says.

WEMBROC officials plan to meet in Washington with OEO representatives at a meeting which Senator Kennedy is arranging. Representatives of the Community Action Council Presidents of Massachusetts also hope to meet with the OEO director.

The WEMBROC board of directors will meet next week to discuss their future, whether the regional group agency will disband, continue its fight to regain the \$51,000 funding which was lost or what other action it might take. There

are not too many alternatives left to us," McCabe says.

The WEMBROC leaders have accepted an invitation from WBZ-TV to appear for half an hour, tentatively this Saturday afternoon, to discuss the funding cut with OEO officials if the agency accepts, or alone if no one from OEO appears.

Treasurer-Collector, Accountant and Assessors, or any of them; whether a department of finance should incorporate those officials with personnel appointed by the Town Manager.

Whether the town should have a fulltime assessor, whether real estate taxes should be paid semi-annually; whether the Town Manager himself should negotiate with town employees; whether the town should hire a fulltime investigator and safety officer for workmen's compensation claims; and whether a town manager-council form of government should replace the present system.

The committee was appointed in early September to study the town government. Named to the com-

mittee were James R. Skahan, elected chairman; John W. Bullock, Mardena Campbell, Doris M. Cremens, John R. Curran, James F. Lawson, Jr., Frederick E. Pitcher and non-voting members Joseph A. Purcell and George K. Rugg.

According to chairman Skahan, except for the article proposing professional study of the town administration, the committee will not make other recommendations for this coming town meeting.

Skahan says they will continue to meet in an effort to develop a good final report, rather than try to rush a report for the meeting.

The committee, which met last night, will meet again Jan. 21 and the first and third Wednesdays of the month after that at 7:30 p.m. in the Hearing Room, Town Hall.

Scheduled to appear the 21st are representatives of the Jaycees and Robert Smith of the Boston College Community Affairs Department.

To be invited to appear will be the League of Women Voters and the Chamber of Commerce, the Town Meeting members and citizens.

Officials who have spoken to the

committee include the Town Clerk, Town Manager, Town Moderator, selectmen, Housing Authority members, School Committee, Town Accountant, Town Treasurer-Collector, Assessors and the executive secretary of the selectmen.

## One Article Inserted As Warrant Opens

Only one article had been officially inserted in the Annual Warrant for Town Meeting early this week.

The Warrant was officially opened Friday and will remain open for insertion of articles until Jan. 19, at 7:15 p.m.

The only article received was inserted by ten registered voters and in part reads as follows:

To see if the Town will vote to adopt a related ratio-rate factor, said factor to be applied to the total assessed property valuation of the town each year, said factor to represent the dollar value per thousand of legally assessed total property valuation and determine the property tax rate limit per thousand on all properties which may be subject to legal assessment practice of Arlington and the Commonwealth.

## By 3-2 Vote

## Woodside Lane Construction Proposal Voted Down By Bd.

The Board of Selectmen has voted to take "no action" relative to the laying out and construction of Woodside lane from Yerxa rd. to Jeffrey rd.

The vote by the Board was 3-2 and came after a recessed hearing held in the hearing room of Town Hall, Monday night.

Voting to take no action on the request were Selectmen Kevin Feeley, Joseph Greeley and Arthur Saul. Voting in opposition to the motion made by Selectman Arthur Saul were Selectmen John Billafer and John Bullock.

The decision by the Board now means that the controversial subject of whether a roadway should be constructed in the area will not come before town meeting.

The matter of constructing a roadway or pathway along the approximately 172 feet stretch of land has come before the Board a number of times since last summer with petitioners for and against such action making known their feelings on the matter.

## 172 Feet Long

The roadway under discussion would have been 172 feet in length with a 40-foot layout. Actual roadway would have been 27 feet with six and one-half feet on either side for sidewalk space. However, there would have been no sidewalk installed under this program. The area where sidewalks would have been installed would be loaned and seeded.

Curbstone would be installed and the roadbed would have consisted of nine inches of gravel and two and one-half inches of bituminous concrete.

Estimated total cost of construction was \$28,000.

Estimated assessments to the four abutters involved would have been \$1599.25, \$1106.25, \$1730.88 and \$1810.28.

When polled at the end of the hearing by the Executive Secretary of the Board of Selectmen, the four abutters all voted in opposition to the proposed street construction.

Those in favor of the construc-

tion of the street stressed the importance of safety in the area.

## 100 In Opposition

Those in opposition were represented by Richard Fanning who explained that there were 100 petitioners in opposition to the proposed construction.

When queried on the matter, Town Manager Donald R. Marquis explained that the fire-police and public works departments of the town were in favor of the street and that he also understood that the school department was in favor.

Fanning stated that \$11,000 of the estimated cost of construction would be for blasting in the area and wondered what such blasting would do to houses in the vicinity. He also said the rise involved from one end of the proposed street to the other end is about 22 degrees; this was called very steep.

He also feared for an increase in traffic through the area.

Another resident in opposition felt the children would still have a safety problem because there would be no sidewalk constructed.

Still another wanted to know how strong were the feelings in favor of the street construction by town departments.

Another felt there is no need of a roadway since his daughter can push a baby carriage up and down the area now.

## Town Meeting Assn. Tonight; Speakers From Town, State

The Town Meeting Association will meet tonight at 8 p.m. at the Knights of Columbus Hall, 15 Winslow st., with state representatives and town officials as guests.

Invited to speak have been Kevin P. Feeley, chairman, and members Joseph Greeley, Arthur Saul, John Bullock, and John Billafer of the Board of Selectmen.

Arlington legislators, Sen. Philibert Peltier, Rep. Eleanor Campobasso, Rep. Edward J. Dever, Rep. William Pickett and Rep. Gregory Khachadorian.

Also, Francis Coughlin, Town treasurer-collector; Town accountant Carmen Forentano; the Board of Assessors, William Hauser, Walter Cooleedge, John Byrne and executive secretary Abner Wyman.

Also invited are town moderator Lawrence Corcoran and members of the Article 109 study committee on local government.

This is the last regular meeting of the association before the warrant closes on Jan. 9. Other meetings are scheduled for Feb. 5 and March 5. All meetings are open to the public.

## Schwamb Mill Sale Expected Tomorrow

Passing of the papers on Schwamb Mill, the hundred-year-old oval and circular picture frame manufacturing company on Mill lane, was delayed last week and will probably take place tomorrow. Total contributions from individuals now is \$2154.45. Donors during the past week were Mr. and Mrs. Edmund L. Frost, Dorothy P. Greene, Mr. and Mrs. John L. Worden III and an anonymous donor.

The mill preservation trust has also been voted \$15,000 by the Sarah A. Hyams Fund and the Committee of the Permanent Charity Fund if the remainder of the \$30,000 can be raised.

Contributions, which will be tax deductible, may be made to the Schwamb Mill Preservation Trust in care of Mrs. Betty Cooper, Harvard Trust Company, Arlington Center Branch.

## To The Editor

## TO THE EDITOR:

Some serious objections, by responsible town officials and concerned taxpayers, have been voiced concerning a modified millage system of utilizing local tax revenue or investigating and implementing a related ratio rate with a pre-determined ratio factor.

Some feel that the school committee or school department would not be legally bound by such an arrangement and could demand a share of available tax revenue based solely on school needs, mindful of other considerations.

Some also feel that under such an arrangement, we would not be able to provide for costs stemming from collective bargaining agreements with our town employees.

I submit, such apprehension could be unwarranted and unfair. A "Triple R Tax Plan" could establish needed guidelines in both of these cost areas for all parties involved or concerned.

Furthermore, a related ratio rate, related to the total wealth of this community, could provide a needed impetus for broadening out tax base.

For example, Using a 1.25 ratio factor, considering increased cost carry over voted at the last annual town meeting, and applying this factor to our current assessed valuation of \$343,000,000, we could establish a property tax rate of \$42.88 per thousand for 1970. This would provide \$18,384,800 in local tax revenue.

This revenue could be apportioned as follows:

General government, 45% or \$8,273,160.

School government, 45% or \$8,273,160.

Other, 10% or \$1,838,480.

Additional excise tax revenue of \$1,250,000 to \$1,300,000 annually could be applied to the overlay expense and provide a surplus of from 1/4 to 1/2 a million dollars each year, not affected by this ratio plan, money in the bank.

If our current property tax base is broadened by \$1,000,000 applying the same 1.25 factor to our total real estate wealth, we would then have a controlled \$43 per thousand tax rate and \$18,490,000 in total revenue from this source.

Other sources of local income,

now being considered, would be in addition to our local property tax revenue and could offset or minimize costs of various departments of town government. The property tax, however, promised

to be the main source of local tax revenue in the indefinite future.

If our local tax base is not broadened sufficiently to meet increasing costs, under present methods our open-ended property tax rate will increase faster than the projected 15% annual increase that has been forecast. If our tax base remains static, or erodes, the tax rate will increase at an even faster rate and under these condi-

tions we will be hard-pressed to provide the barest essentials of local government and school needs.

We need, in my considered opinion, a related ratio rate and a broadening tax base. And we need both now.

Yours truly,  
Jack Curran  
Town Meeting Member,  
Prec. 12.

## Citizens Offer Planning Ideas

Participation in a national historical region for the bicentennial of the American Revolution, extension of the subway widening of Routes 2 and 16 and a call for gradual and well thought through planning was made this week in a citizens' report.

The report, titled, "Arlington's Past, Present and Future Place in Metropolitan Boston," was prepared by a committee of concerned citizens composed of Harry H. Baldwin, Herbert M. Meyer, Aubrey C. Tobey and David D. Wallace.

"Planting seeds" is the way one committee member explains what the group hopes to do with its 23 page report which was privately prepared and financed.

The committee feels that any major steps in planning that would change the community should be thought out, so that what is done will help Arlington develop like a Lexington instead of a Cambridge or Somerville.

Committee members see themselves as a suggestion group which is making townspeople aware of alternatives and the need for discussion and thought before the character of the town is changed.

Dr. Meyer says he hopes the town meeting will delay any major decisions until planning and changes have been discussed by the community. To encourage such consideration, copies of the report will be made available to town officials.

The committee would prefer to see high rise development confined to the changing area around Route 2 and the Alewife Brook Parkway, and not in residential sections. They also would like to see Arlington capitalize on its history as the community where the British were attacked during their retreat from the Battle of Lexington. With the bicentennial coming up soon, they foresee development and tourism in this historic area.

The abstract from which the committee worked was: "Any community development should satisfy two qualifications, viz.: leave the basic fabric intact, and broaden the tax base. To achieve that requirement it is proposed to strengthen the Town's historic bond with its neighbors to the west, and to develop the Alewife Brook watershed, in conjunction with our neighbors to the south and east, as a linear park and riverway similar to the Jamaica Way of three generations ago."

The report made comparative studies with Arlington and area towns in topography, history, population, politics, education, housing, income, economy, municipal finance and zoning.

The committee found Arlington is in a transitional stage between the Boston suburbs and the green outer towns. Arlington was characterized as a bedroom community with five out of its every six workers employed out of town.

The former aristocracy of the town has moved further west, and the report notes, some new residents "have yet to take the town to their hearts."

If newcomers take to moving on, the report warns, "the habit of having transient families passing through would result in a tax burden to the other residents which they will refuse to accept."

Spirit within a community is important, as the report observes in noting that "the people in Lexington live in homes a mere 11 per cent more expensive than ours, but pay 48 per cent more taxes. This indicates that they are more civic-minded and spend more freely for school and community than either we or the Belmont and Brookline residents whose homes, as we saw, cost more. This different order of priorities points to the effect which the spirit within a community exerts."

Home ownership, the committee believes, adds to the dignity and texture of a town, and Arlington has a higher than average home

ownership for the Boston metropolitan district. Incomewise Arlington is middle, and it was found to have a weak labor market.

In noting comparisons with other communities, the report several times points out that emulation of what other towns are doing is not desirable for Arlington.

Citing planning studies conducted in Brookline and Lexington, the report says, "without such in-depth preparation no basic changes of zoning districts can be voted upon sensibly. The very competence and reliability of our town's government, and the community continuity is at stake."

The report warns that Arlington is in danger of becoming "just another community, which people who would be willing to pay for better services may leave."

In summarizing, the citizens' report says of the future, "The choice is ours. Either that split (between loyalty to home community and employment community) deepens and this would mean the end of Arlington as the nice place we know; or we strengthen his loyalty and our town."

### Advocate Staff Will Attend Convention

Six members of The Arlington Advocate staff will be attending the New England Press Association winter convention next week in Boston.

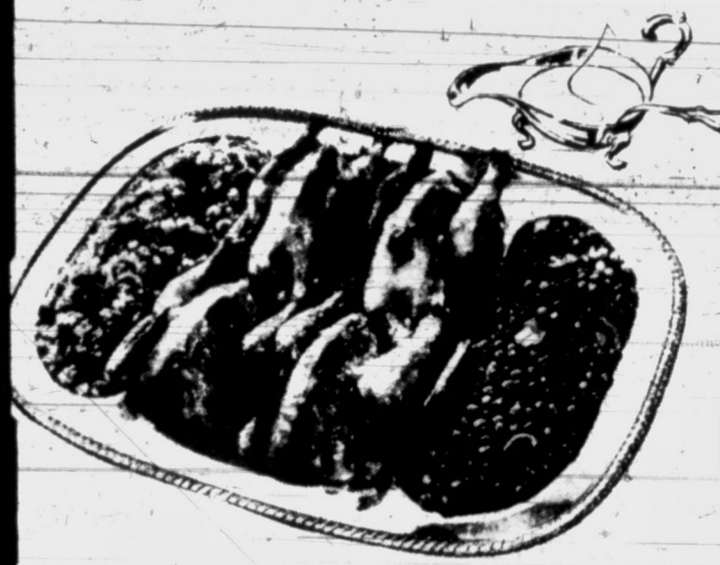

The four-day conference will feature a variety of workshops on new approaches to community service through newspapers and will be highlighted by an awards banquet at which Sen. Edward W. Brooke will speak.

Attending from The Advocate will be C. Peter Jorgensen, Walter V. Moynihan, William A. Taylor, Isabel J. Cook, Maria Carroll and Kathryn Jorgensen.

## Air Pollution Is Jan. 14 Topic Of Conservation Assn.

David Standley, Executive Director of the Boston Air Pollution Control Commission, will be at the Jan. 14 meeting of the Arlington Conservation Association to discuss regional air pollution.

This open meeting will be held at 8 p.m. at the Robbins Library. All Arlington residents are welcome.

"We are each of us as individuals and as communities our brothers keepers," Standley states. "What you in Arlington have and do affects the air quality over Boston proper. What Boston does and demands in Air Pollution Control affects those working and living outside the city in many ways."

"Our future and our fortunes as partners in the life of the metropolis are linked," he continues. "Regional Control" should include control of pollution on a regional basis and direct responsibility of the people of the region for the control that is exercised. Local governments must simultaneously encourage regional air pollution control and themselves engage in control activities."

Standley's commission recently instituted regulation of the sulfur content of fuels burned in Boston.

## Ten Candidates Take Out Papers

Ten candidates have taken out papers for major office in Arlington. Six of the ten are incumbents. Only one incumbent had not taken out papers as this paper prepared to go to press.

At the same time, Town Clerk Mary Farrington told this paper that the few candidates taking out papers for the Town Meeting member contests in precincts 2 and 11 where 15 and 30 spots must be filled is surprising.

Incumbent Selectmen John J. Bilalier, 15 Victoria rd., and Kevin P. Feeley, 25 Baker rd., have taken out papers. Two will be elected in this contest.

Two have taken out papers in the Assessor contest, incumbent William O. Hauser Jr., 29 Oxford st. and Paul E. Cantrell, 3 Stevens terr. One will be elected for assessor.

Four have taken out papers in the contest for School Committee. Three spots will be contested. Taking out papers thus far are incumbent

Carl F. Allen, 23 Tomahawk rd., and Thomas D. Kenna, Jr., 60 Hathaway circle and Eugene J. Kirby, 172 Mt. Vernon st. and Richard A. Kraus, 100 Falmouth rd. West. Incumbent Mary E. Porteus, 38 Frost st., had not taken out papers at press time.

One person will be elected on the Housing Authority. Incumbent Joseph S. Vahey, 4 Osceola path and Thomas M. Kelly, 20 Pine st. have taken out papers.

Meanwhile, there are only four candidates in precinct 2 for election as Town Meeting members. Fifteen will be elected.

In precinct 11, eighteen candidates are in the race for 30 spots.

## Arlington In Review

**This Week in 1875**  
Among the recent appointments confirmed by the Senate is that of Mr. F.S. Fowle as Postmaster in Arlington.

Rev. Mr. Harris, who for nearly ten years has filled the position of pastor of the Baptist Church has resigned.

**This Week in 1900**  
The snow which came as a New Year's present, drifted in places, making it hard going, but it was of such a light quality that it made the disposition of it a comparative easy matter.

**This Week in 1920**  
The Board of Selectmen have received the following letter from a 12 year old:

"Dear Sir - Why not flood some fields around here so that the children will have a place to skate without fear."

We ask this because many a mother won't allow her children to go down to Spy Pond or Mystic River because of so much danger so why not kindly arrange some way to make a safe skating area"

# PEOPLE SERVICE

Lots of People! That's what you get when you advertise with the

**Arlington Advocate**

That's our business. Our full time professional advertising sales staff will help you create an attractive ad layout to draw people to your store or place of business.

The Arlington Advocate has been serving local residents for nearly a century. For almost 100 years, the newspaper's advertising department has helped Arlington merchants and those in surrounding towns to sell their goods and services.

To serve you better, we have recently expanded our advertising sales force and our facilities. We subscribe to nine

different types of advertising services to provide you with up-to-date illustrations and art work to make your advertising stand out, get attention and draw some of our more than 40,000 readers into your store. (Note the background screen, special alphabet letters, box shapes and cartoon in this ad.)

We spend over \$1,200 a year on advertising art services and we'd like to put this material to work for YOU. When you want People to know what you have for sale, when you want Service, call the Arlington Advocate. Our advertising sales representatives will be glad to prepare a sample layout for you at no obligation. Call Bill Taylor, Isabel Cook or Maria Carroll, today. Inquire about our multiple-insertion, volume discount rate plan... it can save you money.

**643-7900**

And, to help your Advocate ad find its way to more PEOPLE, we will be pleased to make arrangements for your ad to also appear in newspapers in nearby communities. Some of these are:

**Woburn Times**

**Belmont Citizen**

**Belmont Herald**

**Concord Journal**

**Winchester Star**

**Watertown Press**

**Somerville Journal**

**Cambridge Chronicle**

**Bedford Minute Man**

**Lexington Minute-man**

**Burlington Times Union**

**Watertown Herald**

**Minute-man Supplement**

For many years the Advocate has exchanged ad layouts with the above papers at the request of our advertisers, and with the consent of these newspapers, and we're glad to do it. It means more People for you, and we know that as your business grows, so does ours.

"OUR TOWN" - Members of the Senior Group performing the first act from "Our Town." Left to right: Michael Mariano, Lisa Pessa, John Mahon, Cathleen Joyce, Judy Santosuosso, Audrey Kurth, Louis Sacco and Jane Kennedy.

## Present Our Town

The first act of "Our Town," the stage favorite written by Thornton Wilder, was presented at Locke School Dec. 19.

The players were members of the Senior Group from the Drama Workshop sponsored at the school by the Locke PTA.

None of the young actors was over twelve years of age. The presentation climaxed with remarkable success a ten week theatre workshop held one day each week after school. The director of the workshop is Miss J. Alison Child.

Children attending the workshop ranged from first graders through sixth grade. The children studied and performed within three age groups: Primary, Intermediate and Senior.

On Dec. 16, the Intermediate group presented a series of improvisations to close their ten-week season while the Primary Group interpreted an African Folk Tale on Dec. 18.

The goal of the Drama Workshop is to enhance desirable speech habits and personal presence among youngsters. Another course is planned after the holidays.

## Baptist Mission Society Will Meet on Monday

The Rev. William Loesch, Director of Columbia Point Center, will talk about "Doll-orama," a project the women of the Society support by donating dolls and dressing them for children who otherwise might not own a doll. A few of these dolls are given to the Columbia Point Center.

Reverend Loesch will also show slides about the work that is being done and accomplished at the Center.

## Fitness Classes Resume in Arlington

The Woman's Fitness classes sponsored by the Park and Recreation Department have resumed after a holiday break. Classes are held Tuesdays at 7:30 and 8:30 p.m. at the boys' gym, Arlington High School.

The program, under the leadership of Gail Goodwin, offers a variety of exercise activity to music.

## Resident's Husband In Honored Unit

Staff Sergeant Donald A. Hamilton, husband of the former Janet Sangleer, 131 Thorndike st., is a member of a unit that helped earn the U.S. Air Force Outstanding Unit Award for the 552nd Airborne Early Warning and Control Wing.

Sergeant Hamilton, a radar operator at McClellan AFB, Calif., will wear the distinctive service ribbon to mark his affiliation with the wing.

The wing was cited for exceptionally meritorious service from July 1966 to July 1968 while providing vital airborne warning and control capability to military forces engaged in air operations against enemy forces in Vietnam.

The sergeant, a 1963 graduate of Mt. Whitney High School, Visalia, Calif., attended Boston University. He has completed a tour of duty in Vietnam.

## Diet Workshop Has 2 Programs Planned

The Diet Workshop will hold an open house and make-up party next week at Fidelity House and St. Eulalia's Church. Other social events are planned later in the year.

The make-up party will be held Tuesday, Jan. 13, at 8 p.m. at Fidelity House. An open house will be held Wednesday, Jan. 14, at 9:30 a.m. at St. Eulalia's Church. Guests and prospective members are welcome to both.

Both churches as sponsors of workshops will be receiving funds for each workshop member. Information about the Diet Workshop is available from instructors Mrs. June Hemphill, 925-1484 for Arlington, and Mrs. Ellen Dupuis, 923-9845, for Winchester.

A sample workshop recipe is the following for "The Reward." In a blender at low combine one-third of a cup of powdered milk, three-quarters of a cup of water, 1 small teaspoon of instant coffee, 1 teaspoon vanilla extract, artificial sweetener to taste. Cover and blend on high, adding 4 to 6 ice cubes until the mixture is homogenized. Vary with fruit for flavoring.

Mrs. John Shanahan

### Marie Ann Bouchie, John Shanahan Wed

St. Eulalia's Church was the setting for the Dec. 13 marriage of Marie Ann Bouchie to John Shanahan.

The bride is the daughter of Mr. and Mrs. Frank A. Bouchie, 73 Hodge rd. The bridegroom is the son of Mrs. John J. Shanahan and the late Mr. Shanahan of Belmont.

Father Henry Marquardt officiated at the morning service which was followed by a reception at the Hotel Somerset.

The bride wore a long white satin gown with empire bodice and long sleeves featuring Alencon lace appliques embroidered with seed pearls and a circular chapel length train. A matching crown held her silk illusion veil. She carried a lace fan with carnations and stephanotis.

**POTENCY IS AN IMPORTANT QUALITY**

No medicine can be really effective in curing an illness, if it has, by the time it reaches your home, lost its potency. Just as certain foods can deteriorate if not kept properly, so can medicines.

Some drugs must be refrigerated to retain their powers — such as insulin, certain eye drops and many types of vitamins. With other medicines exposure to light is the culprit and special containers must be used to keep light out. Every manufacturer of drugs supplies us with detailed instructions on how best to preserve the potency of their products, and we carefully follow their directions.
